Martin:

I expect things are busy for you. None-the-less, I wanted to reach out on two things.

- Although it is completely baseless, I am hearing that San Juan Corp. is trying to throw Sunnyside under the bus with respect to Gold King. Not helpful. We now have NYT asking us questions.

- I thought that our meeting on Wednesday morning was extremely productive, and again want to thank you for setting it up.

Best regards.

Greg
